

Fibreglass Rods & Bags

Fiberglass Rods & Bags

Fiberglass Rods are used for safe and efficient grounding, especially in high voltage applications, while the accompanying bags ensure convenient storage and transport.

High Strength
Made from durable fibreglass, offering excellent tensile strength

Lightweight
Easy to handle and transport, reducing physical strain

Non-Conductive
Provides safety in high voltage environments

Convenient
Matching bags are available for easy storage and transport

Various Lengths
Available in multiple lengths to suit different requirements

Item Code	Description
ROD002	Top Rod, Foam Filled, 1.2m
ROD010	Top Rod, Hollow, 1.2m
ROD011	Intermediate Rod, Hollow, 1.2m
ROD012	Bottom Rod, Hollow, 1.2m
ROD022	AUS Ltd 4' to 8' Telescopic Rod, Foam Filled Top Section
ROD200	HDX Top Rod
ROD200-FF	HDX Top Rod Foam Filled
ROD201	HDX Intermediate Rod
ROD202	HDX Bottom Rod
ROD1500	Sokkia Telescopic Measuring Pole 8M
ROD071	52" - 21' Compact Tele Rod Hastings Style
ROD032	Heavy Duty Top Rod, Hollow, 1.2m
ROD031	Heavy Duty Intermediate Rod, Hollow, 1.2m
ROD030	Heavy Duty Bottom Rod, Hollow, 1.2m
BAG010	1.2m Rod Bag (Vinyl) Moulded Base
BAG013	Rod Bag 1.2m c/w pocket (Moulded Base)
BAG021	HD X Rod bag
BAG090	Telescopic Rod Bag (Hastings Short)
BAG091	Telescopic Rod Bag Hastings (Standardd)
